Possible conflicts of interest, if any, will be resolved prior to the conference.*

**Register early! Enrollment is limited to 350 registrants.
For the past 26 years, our attendance has exceeded our capacity.**

NEEDS ASSESSMENT

In the United States, 1.4 percent of all visits to office-based physicians are due to headache, which represents approximately 12 million physician visits in one year. According to recent studies, 8.7 million females and 2.6 million males in the U.S. alone, experience migraine. Existing and ongoing research activity in the field of headache has produced clinical data of which primary care providers should be cognizant in order to provide optimal care to headache sufferers. This data has significant implications for diagnosis and treatment, and may challenge current assumptions about the role of health care professionals in the management of primary headache disorders. Practitioners should be knowledgeable about new findings concerning pharmacological agents used for the treatment of headache, including new formulations of existing medications and those recently available for headache management.

INTENDED AUDIENCE

This course is intended for all primary care providers and those specialists who have an interest in migraine and other headache disorders including but not limited to anesthesia, pain and addiction, internal medicine, family medicine, obstetrics and gynecology, pediatrics, emergency medicine, ear, nose and throat, neurology, hospitalists, psychiatry, and pharmacists as well as other health care professionals (physician assistants, nurse practitioners, and nurses) who are involved in the diagnosis and management of headache patients.

LEARNING OBJECTIVES

After participating in this educational activity, participants should be better able to:

1. Incorporate the differential diagnoses of primary headache disorders
2. Implement preventive treatment as migraine is progressing and transforming
3. Employ various options available for treating the pediatric migraineur
4. Determine the challenges and treatment protocols for post-traumatic headache
5. Use effective therapeutic tools that address the gender specific challenges of treating women with migraine

CONTINUING MEDICAL EDUCATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Primary Care Network (PCN) and the Diamond Headache Clinic Research & Educational Foundation. Primary Care Network is accredited by the ACCME to provide continuing medical education for physicians.

Primary Care Network designates this live activity for a maximum of 27.75 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Primary Care Network has been awarded Accreditation with Commendation (2013-2019) by the Accreditation Council for Continuing Medical Education (ACCME).

This continuing medical education activity has been reviewed by the American Academy of Pediatrics and is acceptable for a maximum of 27.75 AAP credits. These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate Members of the American Academy of Pediatrics.

This Live activity, Headache Update 2018, with a beginning date of 07/12/2018, has been reviewed and is acceptable for up to 27.75 prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CME CREDIT HOURS BREAKDOWN

Thursday, July 12th = 7.0

Friday, July 13th = 6.75*

Saturday, July 14th = 7.25

Sunday, July 15th = 6.75

**Not inclusive of accredited CME Symposia*

CONFERENCE SCHEDULE

Wednesday, July 11, 2018

7:00 pm - 9:00 pm	<i>Exhibition & Welcome Reception and Pre-Registration at Grand Floridian Convention Center (St. Augustine Hall)</i>	4401 Floridian Way, Lake Buena Vista, Florida 32830
-------------------	--------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------

Thursday, July 12, 2018

6:30 am	<i>Registration, Exhibits & Posters with Breakfast (55 minutes)</i>	St. Augustine Hall
7:25 am	<i>Welcome</i>	Merle L. Diamond, M.D.
7:30 am	Overview Of Migraine, Chronic Migraine, Medication Overuse Headache Diagnosis & Epidemiology	Merle L. Diamond, M.D.
8:15 am	Current Update Pathophysiology Migraine With and Without Aura; Hints for Treatment	Mark W. Green, M.D.
8:45 am	What's New In Chronic Migraine?	Jessica Ailani, M.D.
9:15 am	Migraine & Cardiovascular and Cerebrovascular Disorders	Robert G. Kaniecki, M.D.
9:45 am	<i>Discussion (15 minutes)</i>	
10:00 am	<i>Exhibits, Posters & Refreshment Break (15 minutes)</i>	St. Augustine Hall
10:15 am	Prevention Of Migraine & Chronic Migraine	Mark W. Green, M.D.
10:45 am	Acute Therapy Of Migraine	Robert G. Kaniecki, M.D.
11:15 am	Devices: Where Do They Fit?	Wade M. Cooper, D.O.
11:45 am	<i>Discussion (15 minutes)</i>	
12:00 pm	<i>Exhibits & Posters Break (15 minutes)</i>	St. Augustine Hall

ACCOMMODATIONS AT DISNEY'S GRAND FLORIDIAN RESORT & SPA

Walt Disney World® Resort • 4401 Floridian Way • Lake Buena Vista, Florida 32830

Disney's Grand Floridian Resort & Spa is the crown jewel of Walt Disney World® Resort. This Victorian-inspired waterside Resort is reminiscent of Florida's golden era, with its white picket verandas, gabled patios and marvelous views – all infused with well-mannered elegance. The guest rooms provide a spacious bathroom and spectacular sleeping and vanity areas, filled with Victorian charm, modern comforts and the serenity of the sea. Your resort stay will be enhanced with a variety of recreational offerings including pools, arcades, playgrounds, watercraft rentals and a first-class Florida spa experience.

SERVICES AND AMENITIES INCLUDE:

- Standard room accommodates up to five people
- Complimentary transportation to all Walt Disney World® Resort attractions via Monorail water launch and bus
- Fashionable boutiques
- A variety of dining choices are available which can turn any meal – from world-class dining to fun family adventures – into a cherished memory.
- Splash, sun and slide under waterfalls in the zero-depth entry feature Beach Pool. Take a quiet swim in the courtyard pool, relax in the spa, and watch the little ones play in the kiddie pool. Soak up the sun on a white-sand beach.
- Grand Floridian Spa & Health Club provides the perfect balance of relaxation and wellness
- Five golf courses nearby
- Watercraft Rentals are available at the marina. Spend some time on the lake with a Pontoon Boat, Canopy Boat or Sea Raycer by Sea Ray™, or charter the Grand 1, the Grand Floridian's Sea Ray™ Yacht. (Extra fee)
- Child-care facilities
- Barber and beauty shop
- Wireless (Wi-Fi) Internet Access (additional fee)
